Bottari®

your car our passion

YOUR CAR OUR PASSION

WEB BOTTARI

OUR VISION

Our company vision is to make Bottari brand existing in all the continents, creating job opportunities and success in accordance with the Company's values. Our goal for future years is to become partners of the companies that are going to make the difference in the market.

OUR MISSION

Our mission is to create a team of people and a range of products that can guarantee the best service and result for each type of market. Unity is strenght and cooperation makes everything possible!

OUR CORE VALUES

PRODUCTS

A wide selection of car, moto and bike accessories with more than 2000 products studied to meet the latest trends and personalised with coloured, attractive packagings.

TEAM

Headquarter in Italy and nine branches in the world create a perfect multilingual and multicultural background to allow the Company to satisfy the most varied market demands.

ECOLOGY

Bottari Group adopts responsible business practices focusing on work conditions, environment and fair trade. Eco-design approach and packaging optimisation are Bottari's core business.

LOGISTICS

-7 warehouses in Europe.
-20,000 sq.m. of warehouse space.
-100,000 pallets shipped every year.
-Global logistics.
-Multiple channels.
-Delivery within 48 hours.

CERTIFIED QUALITY

Bottari Group constantly aims at ensuring the conformity of its products with all legal requirements and at the fulfilment of its clients' special needs.

The company's History

1962 *The history and experience of Bottari Company began more than 50 years ago, with its founders, Bottari Carlo and his wife Demicheli Cesira. Thanks to their passion for cars, they started the production and commerce of chamois leather, natural sponges, seat back cushions and steering wheel covers.*

1985/2006 *Taking advantage of the prosperous economy of the '80s and 90's, Bottari's small town reality underwent a big and fast development, that allowed the Company to begin a very extensive growth in Europe and to take part in the most important Fairs in the sector of car, moto, bike and commercial vehicles all over the world.*

2012 *The Company's rapid growth, year after year, has lead Bottari to confirm itself as one of the key companies in its sector, among the biggest traders of car, moto and bike accessories, on an International level, providing a wide range of products, modern and attractive in their design and packaging. A special focus is dedicated to the safety of the products, that are approved and homologated according to all quality Standards and Certifications.*

One of the basic aspects on which Bottari Group loves to dwell, is the importance of offering a safe and high-quality service to its partners who restore trust and cooperation during the years. This is demonstrated by thousands of active customers, from the traditional shop to the most important European and global hypermarket chains. These results have been achieved also thanks to the will to maintain a good relation between quality and price in order to satisfy the needs of the customers.

Currently, the Company keeps its familiar roots with Bottari Paolo and his sons, Christian and Chiara. A highly qualified team work together every day with passion and commitment to guarantee reliability and seriousness for the Company's growth, to continue its expansion and evolution on an international and global level, with a look towards the future.

Paolo and Christian Bottari

"The future belongs to those who believe in the beauty of their dreams"

(Eleanor Roosevelt)

2012 - 2021 *During this decade, the Company has continued its path of growth. New companies have been opened throughout the world starting with BOTTARI BALTIC (2015), BOTTARI CATHAY (2018) and BOTTARI RUSSIA (Br Trading in 2019). During this decade, important new product families have been developed such as bicycle accessories, Sport accessories, Trailer accessories and a complete range of bicycles for children and adults. Now the BOTTARI range is very important and guarantees all our customers a profitable increase of sales and the satisfaction of the final consumers. Thanks to our offices and highly qualified staff all over the world, we can offer products and services suitable for each specific request. Our priority is to listen and satisfy the needs of our customers, obtaining excellent results together even in difficult times. The total sales turnover of our Group exceeds 50 million Euros with a constant increase year after year. The main activities are coordinated and supervised by the members of the BOTTARI family maintaining the same passion of the founders of the Company.*
